

NORWESCO
Y-Line Strainers

- Manufactured from glass re-inforced poly.
- Sizes from 1/2" to 3".
- Pressure rated at 90 PSI @ 70°F, 3" - 70 PSI @ 70°F.
- Standard with EPDM gaskets.

AA122-PP
Compact
Liquid Strainer
List Price
\$23.74

The AA122 line strainer features a compact size that is well suited for small agricultural and turf sprayers. The AA122 is constructed of polypropylene head and bowl with stainless steel screen for excellent chemical resistance and is available with 1/2" or 3/4" NPT pipe connections. The maximum pressure rating is 150 PSI.

AA126ML-F50

Features:

- 200 PSI maximum pressure rating.
- Strainer head and bowl are made of glass-filled polypropylene with EPDM gasket.
- Screens are made of 304SS with color-coded polypropylene frames, removable for cleaning.
- Removable cap and O-ring for flush-out or self-cleaning operations
- Integral mounting provision allows the strainer to be attached to machine using M8 or 5/16" bolts.
- Available with 3/4", 1" NPT or BSPT (F) threads and 50 series flange fitting connections for easy assembly.
- Uses same screen as the AA124A Line Strainer

ISO COLOR CODE CHANGE FOR STRAINER SCREENS

Strainer screens are in the process of converting to the ISO/FDIS 19732 color standards. This will result in a color change for many of the mesh sizes currently offered and affects both individual tip strainers and line strainers. This change is being made worldwide to provide a greater level of consistency for customers. Actual screen/mesh sizes and product performance will be unaffected by this change. A color code cross-reference table is provided to the right for easy identification and the screens now have the mesh size stamped on the screen itself. This will be a running change and we will be shipping both the old and new color screens depending on the current inventory.

Mesh Size	Current Color	New ISO Color
16	Gray	Brown Red
20	Beige	Beige*
24	White	White*
25/30	Yellow	Flame Red
50/60	Red	Gentian Blue
80	Blue	Zinc Yellow
100	Green	Traffic Green
120	Brown	Brown*
200	Orange	Light Pink

* Mesh Size not covered by ISO standard, color will not change
