

Cruizer II

Simple, affordable guidance made faster and more powerful than ever.

Cruizer II lets you add all the benefits of an easy-to-use precision guidance system and more to your operation, without pushing your budget off course. Because we removed two of the biggest obstacles - complexity and high cost. Cruizer II also makes it simple for you to grow with more power and capability when you're ready for auto-steering and automatic on-off planter and boom section controls.

CAN SmartTrax™ 3D
The CAN SmartTrax provides a more integrated and seamless installation. The yaw sensor has been integrated into the control node and all programming and operation can now be performed via the Cruizer II. The 3D upgrade provides compensation for roll, pitch and yaw to improve performance in rough and uneven terrain.

Part#	Description	Price
117-5030-###	Controller Kit, CAN SmartTrax 3D (003,004,005)	\$7,791.58

115-4001-066	Cable, Cruizer II (Chassis Cable Interface)	\$332.69

AccuBoom™
Raven AccuBoom kits provide automatic boom section control for sprayers and spreaders. AccuBoom kits have customized cables to allow easy installation with minimal effort and hassle. All kits have been designed using actual machines. This means cables will be the right length and will have the correct connections for your application. It also means you must make sure you have correctly identified the make and model of your sprayer or spreader to avoid issues with incorrect cables.

Part#	Description	Price

117-1004-XXX	Product Specific AccuBoom Kit	VARIES
115-0171-886	Cable Adapter CAN Cruizer II	\$122.39
117-0159-923	CAN Bus T with Power	\$348.21

*All 4 Required For AccuBoom

SmartTrax MD™
SmartTrax MD™ is a steering system that uses a mechanical drive unit (MDU) attached to the steering wheel. The greatly simplifies the installation of an assisted steering system. It also allows the owner to easily move the steering system between different machines. The kits contain the control node, MDU, mounting hardware and cables necessary to connect to the Cruizer II™. Additional CAN cabling and terminators may be necessary depending on system configuration.

Part#	Description	Price
