### SWITCH PRO

SwitchPro is a simple-to-use product controller with advanced technology that teams up with the broad capabilities of the Envizio-Pro or ViperPro to create a state-of-the-art control system. SwitchPro eliminates consoles from the cab providing more room with less clutter by combining the technology of several devices into one easy-to-use console including: single product control (liquid or NH3), 10 boom section control, a speed sense control, and AccuBoom section control.
